# MANGAWHAI

FROM THE  
WAVE COLLECTION

The Mangawhai model is part of our exciting new Folding Closure collection - designed and manufactured in New Zealand with a uniquely Kiwi theme, incorporating The Wave panel an extrusion representing the cool, pure waters of our country.

The Mangawhai's advanced design, extra strength and good looks ensure that it is superior in every way to those that are imported from overseas.

The Mangawhai will suit a huge range of internal and external applications such as shop fronts, cafes, receptions, and bars and just about anywhere you may wish to restrict access.

## QUICK SPEC

Mangawhai integrates our exclusive 200mm wide Wave aluminium header and footer sections, between a New Zealand designed and manufactured inter-locking single piece Aluminium hinge system. The Mangawhai is glazed with 4mm Break Resistant Plexiglass Resist 65 Acrylic panels reinforced with our proprietary nylon fixing profile.
